Service Philosophy

This Policy applies to the services of CASS Family and Children's Services.

1.1 VISION STATEMENT

CASS recognizes the uniqueness of each child and the importance of play in the lives of children. CASS staffs, working in partnership with families, are committed to providing quality care within a caring environment that embraces diversity.

1.2 PHILOSOPHY

The overall aim of CASS child care services is to promote the well-being of children under our care through our risk management efforts and non-discriminating practice in child care programs. Individual children are valued and encouraged to choose activities in which they are interested. Play enables children to learn by 'hands on experiences'. We recognise that play is the means by which young children develop their physical, intellectual and social/emotional skills.

At CASS child care services units we value and believe in fairness, equity and inclusion of all families, children and staffs. We value the importance of relationships to children's health, wellbeing and development.

Service Information

Our Service caters for children aged 6 weeks to 5 years. We are open Monday to Friday, 50 weeks of the year and closed on NSW public holidays. Notice will be given in our newsletters when these days occur.

Fees

Please refer to Centre's Payment Schedule for fee details.

Families are required to pay child care fees in advance. Fees must be paid on the first day of every fortnightly payment cycle and will be transferred by Direct Debit.

Please call us with your CCB percentage and number of eligible hours and we can work out your exact fee. If you don't have a CCB percentages please call the Family Assistance Office (FAO) on 13 61 50.

On enrolment we will need your CRN for yourself and your child so we can confirm register attendance and ensure that you are receiving the maximum entitlement.

Child Care Benefit (CCB) & Child Care Rebate (CCR)

A family subsidy (Child Care Benefit) is available from the Family Assistance Office (FAO). The Family Assistance Office will assess parents' taxable income and a scale will be used to determine the amount of assistance each family will receive. The assistance may be claimed at a reduced Service fee or at the end of the financial year. Every family regardless of their income is entitled to this assistance.

The Child Care Rebate covers 50% of out of pocket expenses up to a maximum amount each year. The Child Care Rebate is not income tested. If you are claiming Child Care Benefit you are eligible for the Child Care Rebate if you meet a "work study test".

The New Child Care Package

From 1 July 2018, a new streamlined **Child Care Subsidy (CCS)** will roll two payments into one. In April 2018 all families currently in receipt of Child Care Benefit and /or Child Care Rebate for approved care will receive a Centrelink letter about transition to Child Care Subsidy. Families should follow the instructions in their Centrelink letter and go online to complete their Child Care subsidy assessment or claim for Child Care Subsidy as soon as possible.

Centrelink will send families an assessment of their Child Care Subsidy eligibility and entitlement after they complete their Child Care Subsidy assessment or Child Care Subsidy claim online. Child Care Subsidy will be paid directly to provider/s on behalf of these families from 2 July 2018

Allowable Absences

You can be paid for any absence from approved care your child attends for up to **42 days per child per financial year**. Additional absences beyond 42 days for certain reasons may be approved and paid. Please talk to us about the additional absences.

Public holidays will be counted as an absence if the child would normally have attended the Service on that week day, and fees have been charged for that day for the child. You can access your child's absence record on your online statement by selecting '[View Child Care Details and Payments](#)' on your [Centrelink online account](#). You can also do this using the [Express plus Families mobile app](#)

Goals for your child at our Service

“We discovered that education is not something which the teacher does, but that it is a natural process which develops spontaneously in the human being.”

Maria Montessori

Educators' practices and the relationships they form with children and families have a significant effect on children's involvement and success in learning. Children thrive when families and educators work together in partnership to support young children's learning. Children's early learning influences their life chances.

Wellbeing and a strong sense of connection, optimism and engagement enable children to develop a positive attitude to learning. (Early Years Learning Framework p.9)

We will create a range of short and long-term goals for your child that we will program to and observe on which will be based on the outcomes in the Early Years Learning Framework and include:

- Mutual respect and empathy
- Concern and responsibility for self and others
- A sense of self worth
- Social awareness
- Importance of sustainability
- Self-discipline
- Habits of initiative and persistence
- Creative intelligence and imagination
- Self-confidence as an independent learner
- A love of learning

We strongly encourage communication between families and educators to ensure continuity in what we are delivering to your child and acknowledge that the role of the Educator is to work in partnership with families; children's first and most influential educators.

Educational Program

We follow the Early Years Learning Framework as per our programming policy. This is Australia's first national Early Years Learning Framework for early childhood educators. The aim of this document is to extend and enrich children's learning from birth to Five years and through the transition to school.

We are committed to providing a developmental and educational program, which caters for each child's individual needs, abilities and interests. Our program will continue to develop as we use the relationships children have with their families and communities, working in partnership with parents, to ensure each child's knowledge, ideas, culture, abilities and interests are the foundation of our programs.

We encourage children to be responsible for their own learning through choices in experiences, interests and routine. We use conversations, actions and play as the basis for teaching which involves the children being partners in teaching by seeking out ideas, opinions, thoughts and questions. We encourage children in promoting their independence and self-help skills by assisting within the routine and involving the children in interest based projects to further enhance their learning and knowledge. We value children and family input and encourage family involvement in order to gather a comprehensive and holistic view of the child.

We know that children learn effectively through play and Educators who are diligent in their responsiveness to each child support this. Applying strong intentional teaching practices will provide the children with an authentic and meaningful learning environment that challenges, supports and nurtures a child's development.

If we as Educators have any areas of concern, we will inform you and advise where help may be pursued, e.g. speech therapist. We understand this is a sensitive topic and it is always your decision to follow this up. Educators are willing to discuss any aspect of learning and development with parents.

Early Years Learning Framework

Fundamental to the Framework is a view of children's lives as characterised by belonging, being and becoming. From before birth children are connected to family, community, culture and place. Their earliest development and learning takes place through these relationships, particularly within families, who are children's first and most influential educators. As children participate in everyday life, they develop interests and construct their own identities and understandings of the world.

BELONGING

Experiencing belonging – knowing where and with whom you belong – is integral to human existence. Children belong first to a family, a cultural group, a neighbourhood and a wider community. Belonging acknowledges children's interdependence with others and the basis of relationships in defining identities. In early childhood, and throughout life, relationships are crucial to a sense of belonging. Belonging is central to being and becoming in that it shapes who children are and who they can become.

BEING

Childhood is a time to be, to seek and make meaning of the world. Being recognises the significance of the here and now in children's lives. It is about the present and them knowing themselves, building and maintaining relationships with others, engaging with life's joys and complexities, and meeting challenges in everyday life. The early childhood years are not solely preparation for the future but also about the present.

BECOMING

Children's identities, knowledge, understandings, capacities, skills and relationships change during childhood. They are shaped by many different events and circumstances. Becoming reflects this process of rapid and significant change that occurs in the early years as young children learn and grow. It emphasises learning to participate fully and actively in society.

Portfolios

Every child will have a portfolio comprising of:

- Child's Profile
- Goals from families and Educators
- Observations
- Objectives for further development
- Work samples
- Checklists

The individual child's portfolio is maintained and used as a direct tool for evaluation and future planning within the Service's program. This makes the program reflect the value of individuality and is not be used as a means of comparison between peers or stereotypes. You will be given your child's portfolio at the end of the school year or as they finish at the Service.

The portfolio will be used in parent/Educator meetings throughout the year and is always available for you to review at your convenience.

Parent Participation

The Service has an Open Door Policy and actively seeks and encourages families to be involved in the Service. This can range from evaluating and adding input to your child's program and observations, volunteering within the Service and sharing skills & experiences that the children and the program will benefit from.

We respect that time is limited for most families and we ask that you inform us as to your preferred way of communication. We can arrange meetings with your child's Educator at a time that suits you throughout the year and offer email, SMS, Facebook, WeChat, Newsletters, Day Book Journals and pride ourselves on strong verbal communication on a daily basis. We seek input from families on all aspects of the Service but in particular, your child's goals, observations and program.

If, for any reason you question or do not understand any aspect of the Service or your child's experience we have a Grievance Policy that supports all stakeholders in our community and like all policies, is available for families to consult and implement at any time. Copies of our policies are available in each childcare centre and the office. You are welcome to take a copy home and review at your leisure.

FAMILY SKILLS, INTERESTS AND TALENTS

We welcome and encourage the involvement of all parents/families at our Service. Your ideas, experiences and skills are greatly valued and will enable us to extend each child's interests, abilities and knowledge. There are many ways for your family to be involved. We understand that our busy lives can't always afford the time, however any contribution no matter how big or small is much appreciated. Here are just a few ideas.

YOUR OCCUPATION OR HOBBY

You are the most important person in their world. We welcome all parents to the Service to talk about their occupation or hobby (e.g. music, craft, cooking). Everything parents do interest children and these talks are the best educational resources you can provide for the Service.

We use information that has come from discussions about occupations and hobbies in our program and the ideas explored which can turn into interest projects providing valuable learning.

YOUR HOME CULTURE

Your home culture is most welcome in our Service. We would greatly appreciate if you were able to share with our Service aspects of your culture and family life. This would assist us to enrich the lives of all our families and children.

READING (ESPECIALLY GOOD FOR GRANDPARENTS)

Children love to be read to. If you or your parents have the time please contact your room Educators to organise a day for reading.

RECYCLABLE ITEMS

We are always on the lookout for recyclable items for the rooms. Empty food containers, ribbons, wrapping paper, towel tubes (not toilet or egg or milk because of hygiene and allergy issues) paper or anything interesting from your work is much appreciated.

SPECIAL EVENTS

Our Service organises special events throughout the year. Keep an eye out, as your child is sure to be a star!

SUGGESTIONS

Parents are welcome to visit or call the Service at any time. If you have any suggestions or ideas on how we best can work together in the Service please let us know.

If you have any concerns, please see your child's educator or the Nominated Supervisor. We have a grievance procedure if you would like to formally raise any concerns

Communication

Everybody has a different communication style and time for communication. We understand that mornings and afternoons can be a little rushed, and not the best time to discuss your child's day.

We have many types of communication we use for families, which include:

- ✓ Newsletter
- ✓ Phone calls to your work
- ✓ Emails
- ✓ Letters

- ✓ Face to face
- ✓ Kinder m8
- ✓ Mid-year and End of year interviews
- ✓ Formal meetings

Court Orders

Parents must notify the Service if there are any Court Orders affecting residency of their children and a copy is required for the Service. *Without a Court Order we cannot stop a parent collecting a child.*

Arrival and Departure

For safety and security reasons ALL children must be signed in on arrival, and signed out on departure. The times must be noted.

No child will be allowed to leave our Service with a person who is not stated on the enrolment form, unless prior arrangements are made with the Nominated Supervisor.

Preparing your child for pre-school

Orientation is an important start for your child and family to connect to our Service. We encourage each child to attend the Service in the company of a family member at less one time before they start the day with us. This gives you and your child the opportunity to gain an understanding of our program, the lay out of the room, where to find things, provide Educators with additional information about your child and how we can best support their transition and settling period.

If your child is reluctant to attend, please discuss this with their assigned Educator so that they can develop strategies with you to support the transition from home to the Service. You are welcome to take photos of your child in our environment to show and discuss at home. Some children like to take a book from our library to read at home and return on the next visit.

We suggest purchasing the following books you can read to your child prior to starting. 'Preschool Day Hooray' By Linda Leopold Strauss, 'Maisy goes to Preschool' by Lucy Cousins, 'What to expect at

Preschool' by Heidi Murkoff and 'I love you all day long' by Francesca Ransacks.

Communication between home and the Service must be open and happen often to best support your child during this time. There may be tears and extra tight hugs when saying goodbye for the first few weeks but there are always cuddles, reassurance and genuine care from Educators for both the children and their families. Sometimes this experience is upsetting more so for the family, not the child. We understand this and offer support through phone calls during the day, photos and open communication.

Saying goodbye

Ideally, your child will be settled at an activity before you leave, however some children find it hard to settle until their parents have gone. What works best is a set routine so try to establish the care routine from the orientation process. Being well organised and avoiding a rush usually results in a calm start to the day.

Most children will want to have a look around first to see who else has arrived and to look at what activities are available. Please tell your child when you are leaving as they may become upset if they haven't had the opportunity to say goodbye. This will gain trust from the child, not only in you but in the Educator who is reassuring your child about their day and when you will return. Rest assured, we'll contact you if your child becomes distressed.

What to bring to the Service

BACKPACK

For independence, we work towards all children being able to recognise and open their own bag. Let them be involved in selecting the bag and taking ownership of it. Please ensure it is large enough to hold all their belongings and is clearly labelled.

BREASTFEEDING

This Service supports breastfeeding. Families that are breastfeeding should speak to the Nominated Supervisor or Responsible Person to be aware of our policies on storing and serving breast milk. Families that are formula feeding should also consult our Nominated Supervisor or Responsible Person to be aware on how we need the formula prepared and stored.

Clothing

It is helpful to your child if they are dressed in non- restrictive, serviceable and easy to wash clothes so that they feel free to join in all the activities and to develop independence. Shoes also, need to allow children freedom to run, climb, hop & jump as well as being easy for the child to take off and put on by him/her.

Unsuitable shoes are thongs and gumboots and we prefer that these be NOT worn to the Service. Lace up joggers or sandals are appropriate. Also, please consider clothing that enables the child to move around easily and allows children to be independent in dressing. Clothing such as long dresses, overalls, braces, belts and stiff buttons can prove a problem for children who need to go to the toilet. We require all t-shirts to have sleeves (no mid-drift tops) and hats that are broad brimmed are essential for effective sun safety.

SPARE CLOTHES

Every now and then accidents occur and it may be necessary for your child to get changed into a fresh set. Please include a complete change of clothes every day which can stay in your child's bag...just in case!

Toys

The Service has an abundance of toys and we ask that children do not bring in toys from home. This eliminates toys getting lost, broken, disappointment for other children and responsibility on Educators to track numerous toys throughout the day.

Behaviour Guidance

Educators follow a Behaviour Management Policy that extends across the whole Service giving consistency of expectation in all rooms. This policy allows children to develop self-discipline, a respect for others, for property and respect for self, whilst learning to regulate their behaviour. If you require further information on this policy please ask Educators and refer to the Policy manual.

Physical Play

Physical play includes activities that use physical movements to allow children to use their energy, enhance their concentration, motivation, learning and wellbeing. We feel physical play is a vital part of everyday life. We believe in providing children with a range of physical activities and experience on a daily occurrence for them to challenge their large and small muscles, allowing them to gain increasing control over their bodies as they learn the importance of physical play.

Physical play provides children with the opportunity to:

- Develop strong bones and muscles,
- Improve strength and balance
- Develop Flexibility and coordination
- Develop Fundamental Movement Skills
- Develop spatial awareness
- Develop mathematical concepts
- Be confident as they learn to control their bodies and understand their limits
- Learn to cooperate and share with others
- Promote healthy growth and development

Sustainability

Our Service is passionate about sustainability. We believe in supporting children to appreciate and care for the environment by embedding sustainable practice into the daily operation of our Service, infrastructure and teaching.

In order to empower our sustainability program we emphasise children's ability to make a difference, enabling them to learn and appreciate their environment in an engaging, fun and exciting manner. We do this by engaging children in discussion about sustainable practice, encouraging them to participate in a recycling program, reducing energy and conserving water. We aim to provide children with the skills and knowledge required to become environmentally responsible.

Rest and Sleep

Rest and sleep routine varies according to individual needs. We aim to make rest time a relaxed, pleasant time for all children. We provide stretcher beds for children and play soft music in the background. Your child may wish to bring a security item to have at rest time. Please feel free to discuss your child's rest or sleep needs with Educators.

Birthdays

It is very exciting for a child to be having a birthday. If a cake is required for a child's birthday it is recommended that an ice cream cake or cupcakes be provided as this reduces the major allergy risks associated with most other cakes. Families are required discuss cake options with educators prior to the celebration.

Family Photo

We have in all rooms a Family Wall. This is a strong and valuable tool in our environment for your child to connect to, feel that they and their family are valued and that their family is as much a part of the Service, even if they are not always there. If you would like to bring in a photo, or a couple of photos that represent your family, we would love to add it to our wall.

Sun Safety

Children and Educators will wear hats and appropriate clothing when outside. Staff will encourage children, including by way of modelling behaviour, to avoid excessive exposure to the sun and to wear suitable sunscreen (at least SPF 30+), which is reapplied according to the manufacturers recommendations. We ask that children come to the Service with sunscreen already applied so they are able to participate in outdoor play immediately and not have to wait the 20 minutes after application.

SUN HAT

A sun protective hat must be worn every day when playing outside for protection against the sun. Please make sure to include it in your child's bag every day regardless of the weather conditions.

When should I not send my child to the Service?

Our Service is a busy and demanding day for the bodies and minds of our children, we are not equipped to care for sick children; however we will do everything we can to comfort a child who has become sick whilst in our care.

To try and prevent the spread of disease, please monitor your child's health and watch for:

- A runny, green nose
- High temperature
- Diarrhoea
- Red, swollen or discharging eyes
- Vomiting
- Rashes
- Irritability, unusually tired or lethargic

Please do not bring your child to the Service if they display any of the above symptoms. If a child becomes ill whilst at the Service the child's parents or person responsible for the child will be contacted to organise collection of the child. If the child is unable to be collected, educators will contact the child's emergency contact for collection.

When the child is collected, the family will have the following information made available to them to present to their doctor: symptoms, date of onset, general behaviour of the child leading up to the illness and any action taken.

Your child should not attend the Service if they have had Panadol or Neurofen within 24 hours for a temperature. It is extremely important that staff members are aware if a child has had either medication so we do not re-administer and potentially overdose.

The other consideration is that medication of any type should not be added to a child's bottle. Children who are on antibiotics are to be kept away from the Service for the first 24 hours to allow the child to rest and the risk of spreading the infection to decrease.

If your child has been away due to illness, please check with the Service as to whether or not you will need a certificate before your child returns.

Infectious Diseases

The National Health and Medical Research Council have supplied the following information regarding: Exclusion from the Service of a child suffering with the following diseases/ailments. - An **Immunisation History Form** where an immunisation provider has certified vaccines given by another immunisation provider (i.e. vaccines given overseas) and 'or organized to commence your child on a catch-up schedule for any overdue vaccines

Other immunisation records, such as the **Interim NSW Vaccination Objection Form, Blue Book, a GP letter or an overseas immunisation record** are not acceptable.

Medication

Educators can only administer medication prescribed by a doctor. They cannot administer non-prescription drugs or dietary supplements unless a doctor provides the Service with written authorisation.

Educators can only administer medication to a child from its original packaging with pharmacy instruction sticker.

On arrival at the Service families, must give medication to Educators for safe storage and complete a medication authorisation form. Under no circumstances should medication be left in children's bags.

Allergies or Asthma

It is vital that we are aware of any allergies or asthma. Families are required to explain any allergy or asthma on the enrolment form as well as provide us with the diagnosis from the doctor. The Service has a procedure the staff follow to minimise allergic reactions.

The Service requires an Action Plan filled in by your Doctor to assist in managing your child's needs.
The Action Plan is to be updated every 6 months.

Accidents

The Nominated Supervisor will contact parents immediately if a child is involved in a serious accident at the Service. As a matter of extreme importance parents must ensure that the Service has up to date emergency contact numbers.

An incident report will be filled out for all accidents, injuries and illnesses. This will contain details of the accident /injury/illness, any first aid that was administered, and be signed an educator, the Nominated Supervisor and by the parent.

Emergency Drills

Throughout the year the Service will hold emergency drills, which occur at any given time throughout the day. These are carried out in a well-organised and orderly manner. Educators will be trained in using the fire extinguishers that are in the Service. An emergency evacuation plan will be displayed in every room.

Educator Ratio and Qualifications

We meet all legal requirements in relation to child to educator ratios and the qualifications of our educators. All Educators will hold First Aid qualifications, have Working with Children Checks completed and attend monthly Educators' meetings.

Our Educators are continually evaluating how our curriculum meets the education needs of our children and reflecting on ways to improve children's learning and development. They are encouraged to attend further professional training and development.

For further details on the qualifications of the Educators, please see our Nominated Supervisor.
